* There will be a transaction limit of six withdrawals per statement cycle.

** Contact us for the qualifications to obtain the stated Interest Rate/APY, if qualifications are not met a different rate will be applied.

Annual Percentage Yield (APY) is effective as of the publication date and are subject to change at any time. Fees could reduce earnings. Limited to personal accounts only.

We use the daily balance method to calculate the interest on the account. This method applies a daily periodic rate to the principal in the account each day. We will use an interest accrual basis of 365 (or 366 in leap year) for each day in the year, which will be accrued upon the first business day deposit. You must maintain the minimum balance in the account each day to obtain the disclosed annual percentage yield. Variable rate accounts may change after opening.

Penalties exist for withdrawal prior to the maturity date.

Please contact us for additional information about applicable fees and terms.
